Here is a sample of this month's headlines:

FEATURED HEADLINES

Better credit outlook likely to produce higher vehicle sales

Recent data from NADA projects U.S. sales of 11.9 million light vehicles for this year, in part because of rising consumer confidence and an improved credit climate. Used car dealers may also be able...

Insurance companies may force Toyota to share financial burden of crash claims

Six insurance companies are planning to battle Toyota for the money they paid to customers involved in car accidents caused by sudden acceleration...

AAA reports reveals rising cost of owning and operating 2010 vehicles

The annual Your Driving Costs study by AAA shows a 4.8 percent increase in the costs of owning and operating a sedan vehicle in 2010. The 4.8 percent increase raises annual operating costs to \$8,487...
