Driving Your Business

THE RED FLAGS RULE: Be Compliant. Be Ready.

Though the FTC has delayed enforcement of the Red Flags Rule, it won't stop an identity thief from potentially targeting your dealership today. Bottom line: The longer you put off implementing an Identity Theft Prevention Program, the longer you expose your dealership to the risk of identity theft and fraud.

Don't leave your dealership vulnerable to fraud! CREDCO's Red Flag Solution offers a simple, comprehensive suite of products and reporting tools to help your dealership get compliant before May 1.
